The Video or Voice Call is a short meeting to ask a few questions to each child. These questions can be very different based on the age and abilities of the student. Some parents have found it helpful for the Evaluator to reinforce the good character values, where other times, it is necessary to give a child extra encouragement. The time with the teacher should be a positive interaction that leave both the student and the parent celebrating the [accomplishments](#) from the past school year.

(Encouragement) Is there something that your child needs extra encouragement with? If so, please tell me a little about the situation so I can offer encouragement.
(Concerns) Do you have any questions or concerns you would like me to address? If so, please describe them.

Please include any information you think is helpful for me to know about your child.

Do you keep a log of educational activities and work completed as required by Florida Statute 1002.41? It specifies the responsibilities of parents who establish a home education program to (1) Maintain a portfolio of educational records. Statute defines a portfolio as (a)A log of educational activities which is made contemporaneously with the instruction and which designates by title any reading materials used, and (b)samples of any writings, worksheets, workbooks or creative materials used or developed by the student. (2)The portfolio shall be available for inspection by the superintendent upon 15-day written notice (The statute does not require the superintendent to inspect all portfolios). (3) You agree to preserve each student's portfolio for two years. If you answer no to this question, I will not be able to provide you with a portfolio evaluation. As per Statute 1002.41 A Florida certified teacher chosen by the parent may evaluate the
